SKY AVIATION CLUB

#YourTrueHeading

WELCOME TO OUR COMPANY

Do you want to achieve your dreams and become an Airline Pilot? You are in the right place! All you need is passion, dedication and to join our team!

We offer you the best opportunity to develop your career as a Pilot in a professional, customized and international way.

If you need to improve your English, count on us!

We provide comprehensive,
personalized and safe instruction!

PRIVATE PILOT LICENSE (PPL)

Description Here

Being a Private Pilot is the first step to become a Commercial Pilot. You'll learn to fly a plane under visual flight rules and as a Private Pilot you'll be able to fly with family or friends.

Minimum requirements to start:

1. At least 16 years of age to fly solo
2. Minimum 17 years to obtain the License.
3. Have a third class medical certificate.
4. Be English Language Proficient

- International students require a student visa and TSA certification

...and what's next?

Go for the INSTRUMENT RATING and fly safely under instrument weather conditions (IFR), and consider Commercial Pilot flight training to continue your Airline career.

COMMERCIAL PILOT LICENSE (CPL)

Description Here

As a Commercial Pilot you can be hired and begin to earn money... receiving the return of your investment. Choose your work: flight instructor, corporate pilot, charter companies, freight carriers, etc. the ball is on your court!

Minimum requirements to start:

1. Hold a Private Pilot Certificate
2. Be at least 18 years old
3. Have at least a second-class medical certificate
4. Be English Language Proficient

- International students require a student visa and TSA certification.

...and what's next?

Go for the FLIGHT INSTRUCTOR (CFI) and MULTI ENGINE RATINGS. By obtaining these certificates, the graduate pilot will be ready to join the world of professional pilots and be hired .

CHECK OUT OUR FLEET

We have the best resources so you can achieve success.

The Piper Seneca is an entirely reasonable airplane. That, more than anything, may explain why it endures in Piper's line.

Our Piper PA-34 Seneca is a twin-engined light aircraft primarily used for Multi engine training.
